Subject: Invitation to Participate in the Bharat Shiksha Expo 2024

Dear Parents,

I am writing to you today about an exciting opportunity that aligns perfectly with our commitment to student success and the National Education Policy's (NEP) focus on vocational skill development.

We have been invited to participate in the upcoming Bharat Shiksha Expo 2024, a landmark event taking place at the India Expo Centre, Greater Noida, from November 15th to 17th, 2024. This event is a collaborative endeavor between Greater Noida Industrial Development Authority (GNIDA) and India Exposition Mart Limited (IEML). This expo aims to bridge the gap between education and industry, fostering a collaborative environment that benefits both students and businesses. By aligning with the National Education Policy (NEP), this event underscores the importance of skill education a vision for emerging careers beyond 2030.

As the Principal of K. R. Mangalam World School and the **Convener of Industry Academia Collaboration Sub Group** for the enhanced education of School Students and youth, I am reaching out to request your valuable participation in this significant event.

We Need Your Support!

Many of you are successful entrepreneurs and business leaders. Your participation in this event would be invaluable. We are seeking parents who would be willing to:

- **Showcase Your Industry:** Share your knowledge and expertise with students by participating in industry panels or demonstrations.
- **Offer Internship Opportunities:** Provide internship opportunities for our students in your businesses.
- **Become a Mentor:** Connect with students and offer guidance based on your experience.

Why is this Important?

The world of work is rapidly evolving, and the skills required for success are changing just as quickly. By participating in this Expo, our students will be able to:

- **Explore Career Options:** Engage with a wide range of industries, from IT and design to agriculture and media. This exposure will help them discover their interests and make informed decisions about their future careers.
- **Gain Practical Skills:** Learn from industry professionals through interactive demonstrations and workshops. This will provide them with a valuable advantage when entering the workforce.
- **Secure Internship Opportunities:** The Expo aims to connect students with potential internship opportunities in grades 11 and 12. These internships will offer real-world experience and help them develop the skills employers seek.

How You Can Help:

If you are interested in supporting this exciting initiative, kindly fill out a Google Form to express your interest latest by 31st July 2024. We will then provide you with more details about how you can participate.

Together, we can equip our students with the skills and experience they need to thrive in the future workforce.

Thank you for your continued support.

Sincerely,

Sonia Anil Verma
