## THE NEWS

Issue 02

Sep.2022

From The

### Principal's Desk

*Reboot Re-imagine Rebuild Education*

**W**elcome to this second edition of K.R.M. World School 'The News'.

*"If the last years pulled us back, we were more than determined to make up for lost time".*

The teaching and learning in school underwent an unprecedented metamorphosis. This newsletter is powered by the pulsating rhythm of the school, as it anchors itself firmly with its everyday pace.

As each student strives to strike the perfect balance between academic excellence and their passions, we see this rhythm both ground them and simultaneously fuel their pursuit. In this issue, you will find glimpses of our students in action, leading causes they believe in, exploring career avenues, learning from the world outside and making their mark in it.

Wishing all our children a happy and successful journey of learning!

**Ms. Sonia Anil Verma**

**Principal**

#### REFLECTIONS

#### COMPETENCY BASED EDUCATION

We promote Competency Based Education to Teaching, Learning and Assessment that focuses on the student's Demonstration of Learning Outcomes and attaining Proficiency in each Subject.

#### SKILL BASED CURRICULUM

*Because tomorrow's jobs don't yet exist*

#### THE ENLIGHTENED MINDS...

*Pause to Ponder!*

My research work on 'Climate Change' made me understand all about **sustainable goals** and now I have dedicated myself to the cause- STOP, single-use plastic." - **Daksh Tiwari, X-A**

"I am able to use the means of communication responsibly with the help of my **Media and Information Literacy Classes.**" - **Aarna, VII-A**

"I enjoyed and learned how to create a website due to my IT classes It has improved **my digital and learning skills**"- **Guntaas Singh Bawa, VII -B**

"Working in a team has helped me to understand the perceptions and views of my classmates which led to **understand the cross cultural**" - **Niranjana, VIII-B**

"Through the activity-"A Letter to Myself"", I learned about the **emerging technologies that will revolutionize the world by 2030.**" - **Chinmaya Krishna, IX-A.**

# USHERING IN THE NEW SESSION WITH PARENTS ORIENTATION, MARCH 2022

Parent Orientation Sessions were held in April 2022 for the **K- 12 Grades** to provide a 360-degree view of the year ahead. The excitement was palpable as parents connected with teachers after a two-year gap. Parents were introduced to the vision, progress and transition created for the enriching experience of learners. This was led by the principal and respective Class Coordinators followed by high tea.

## NURSERY to II

### Show and Tell!

*'Story telling is the most powerful way to put ideas into the world today.'*

*-Robert McKee*

**Grade Nursery** organized a Show and Tell activity on 12th May. The topic was 'MY FAVOURITE FRUIT'

It was conducted to boost confidence and speaking skills of our young learners".

Story narration helps to improve communicative and auditory skills. The students participated with lot of excitement, zeal, and enthusiasm.

## Nurturing Learning!

“Children learn as they play. Most importantly, in play children learn how to learn”

We believe in Nurturing Learning with different activities like Role play, floor games, storytelling, celebrations, tearing and pasting activities. The main motive here is on ‘Teach me to do it myself’. The children learn to work with an absorbent mind, where they are empowered and encouraged to be independent so that they can work at their own pace and their own level.

## PARENT TESTIMONIALS

1. Thanks for your support and cooperation. My little one is getting settled day by day with your love and care. He's now enjoying within school premises. He's learning many new things every day.

-Parents of Kabir Arora  
Pre-Nursery

2. I appreciate your efforts, there are times when I'm unable to devote time. Whatever he learns in class that surely helps. Thanks a lot.

-Parents of Utkarsh  
KG - B

## A Hands-On Art Integration Activity To Celebrate Earth Day.

-A Pledge To Save 'Mother Earth'

The students enthusiastically participated in various activities to commemorate our benevolent mother earth. On the occasion of the Earth Day, an array of creative activities was organized with a view to sensitize the children about the conservation of natural resources and to motivate them to do their bit towards making their planet even more beautiful. Different activities such as poster designing, slogan writing, etc. were

conducted to help the students understand the importance of their contribution towards saving the environment and reducing the pollution.

To commemorate our benevolent mother earth, they created "Earth Crown" and wore them, which helped in their cognitive, social, and emotional development. The tiny tots took a pledge to keep their environment clean and help their parents in watering and nurturing the plants.

### Molding Clay - Play, Cognition and Self-Regulation!

Kindergarteners learning how to accurately use their fingers to get just the right shape out of clay. Thus, improving their fine motor skills and enhancing creativity.

### Eat Together, Learn Together!

On 1st September the school started Mid-day meals for students and staff. Delicious food is being served following all safety and hygiene standards. Eating together is all about - cleanliness, punctuality, manners, good eating habits, respectful conversations, ethics, and teamwork.

### Classroom Connections

The little chefs of Grade -I enriched their culinary skills by preparing the summer treat "Lemonade" in the month of April. Such experiential learning helps to simplify concepts and optimize the retention power in students.

## GRANDPARENTS' DAY- A CELEBRATION OF LIFE, 9th Sep 2022

We celebrated this day to honor grandparents, to give them an opportunity to show love for their children's children, and to help children become aware of the strength, cultural practices, good traditions, and guidance older people can offer.

## Summer Camp!

(III - VII)

**“Experiential Education, Collaborative work and Skillful Feedback.”**

Our Summer camp was a supervised program for children conducted from **17th May 2022 to 23rd May 2022**. Workshops in super learning techniques was the main attraction among students. Special coaching in football, cricket, shooting, skating helped the students to hone their skills on the fields. Students enjoyed learning musical notes on different musical instruments.

They also enjoyed a gala party on the last day of the camp. It creates a happy and memorable experience for children which helps in their overall development.

## Teacher's Day

5th Sep 2022

Teacher's Day was celebrated with great fervor and exuberance on the 5th of September, which also marks the birth anniversary of Dr Sarvepalli Radhakrishnan, an Indian philosopher and the second President of India. To celebrate this occasion, Mangalites enthusiastically performed songs and plays, acknowledging the contribution of their teachers. The program was devised, organised and conducted exclusively by students, who also expressed their gratitude and respect towards teachers in the form of cards and speeches.

*“A good teacher is like a candle; it consumes itself to light the way for others.”*

## INTERNATIONAL YOGA DAY

The school celebrated International Yoga Day to convey the message of keeping mind and body fit through asanas. We always believe in providing a holistic approach towards the wellbeing of our students and Yoga is an essential part of our Co scholastic curriculum. The practice of Yoga brings joy, health, peace from within and deepens a sense of connection between an individual's inner consciousness and the external world. Students of Grades 9 to 12 participated in a session on **21st June 2022** to mark International Yoga Day. Our Physical Education Instructor Mr. Munender Teotia and our Yoga expert, Ms. Vaishali Gurjar demonstrated various asanas.

*Yoga: A way of making you mentally, spiritually, and physically sound!*

Warm up exercises were taken, and all the students performed sitting and standing asanas, importance of which were explained simultaneously.

Various yoga postures, different asanas including pranayama and meditation were performed by the entire team of KRM, with great fervour and enthusiasm. Through this event students were informed on the benefits of yoga and the need to remain healthy and fit. Teachers and students felt extremely grateful that we have an expert Yoga instructor amongst us in the school.

Students excitedly expressed themselves how the session refreshed and rejuvenated them. One class 9th student happily remarked that she has never seen her classmates so disciplined.

Principal ma'am informed the students about the importance of 21st June being celebrated as Yoga Day. She enlightened them how the idea of an International Day of Yoga was first proposed by the current Prime Minister of India, Sri Narendra Modi, during his speech at the United Nations General Assembly.

# ACHIEVERS' DAY

Students who emerged with flying colors in scholastic and co-scholastic activities were commended at Achiever's Day Ceremony on **August 13th, 2022** in the school's auditorium. The felicitation event was graced by honorable Chief Guest Dr. Nitin Agrawal, MD, Bliss Ayurveda India and esteemed Guest of Honor, Dr. Vishwas Tripathi, Registrar, Gautam Buddha University.

# INVESTITURE CEREMONY

The Investiture ceremony signifies the reliance and confidence that the school consigns in the newly invested office bearers. Donning the mantle of accountability, they also pledge to bestow their duties to the best of their abilities. On 26th August, the school conferred the student council members with their powers and positions.

## Dimensions 2022

An inter school event was conducted in KRM- Vaishali Branch where our students actively participated. Navya Thakur of **Grade 6** held second position in 'Sanskrit Giti Ekal Pratiyogita'

## Sports

### Aquatic Skills

Bubbling with excitement in their colorful swimsuits the students of Pre-Primary and Primary Classes are thoroughly enjoying and learning swimming strokes in the splash pool. It is not just a fun activity but also allows children the opportunity to practice many valuable skills, like Balance and Strength, Coordination, Exploration and Learning.

# SHOOTING

*Raise, Aim & Shoot!*

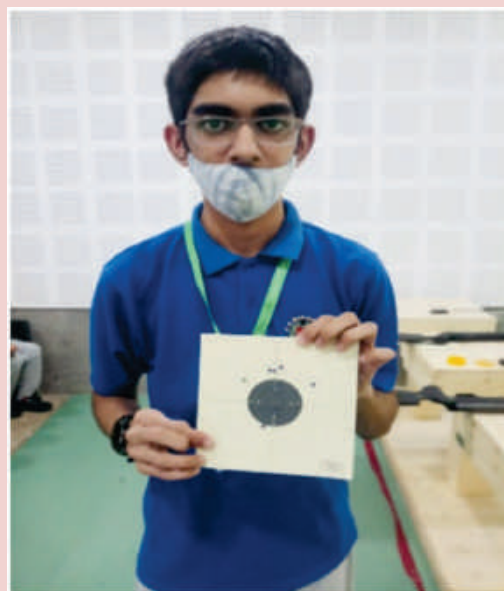

Shooting sports is a collective group of competitive and recreational sporting activities involving proficiency test of accuracy, precision and speed in shooting using various types of ranged weapons. It is not just a sport or fun activity; it helps improve the upper body strength as well as focus. The specialized indoor shooting range is a salient feature of the school sport. The school possesses qualified instructors to oversee and train students.

## GUNNING FOR GLORY

At KRM we strive to maintain a strong and dynamic academic core in the field of shooting thereby strengthening our foundation. We are spearheaded by India's most illustrious shooting experts who provide a holistic development of our young shooters. It is their support and guidance which helped Vanishka Tyagi of **Grade 11** and Manthan Hira of **Grade 9** to reach the National Shooting Championship at Asansol Rifle Club,

West Bengal held from **18th September 2022 to 23th September 2022**. It is a proud moment for the school as Vanishka Tyagi qualified for the tournament and Manthan Hira qualified for State and Pre-National level.

The tournament had shooters from Delhi, Haryana and Uttar Pradesh participating in the various categories.

In this competition, Vaniska won and got selected for open national shooting championship.

# TRY AND TRIUMPH!

Prakhar of **Grade V** participated in the Under-9 Delhi Football Tournament and won a Gold Medal.

Vaishnavi Upadhyay of **Grade VI** has made us proud by winning a Bronze medal in the Speed Skating race in the category of 9-11(years). She also won a Medal in Uttar Pradesh open state championship held at Indraprastha Global School, Noida from 3rd to 5th June.

Ritwik Pratap Sing of **Grade 6** participated in the Junior Uttar Pradesh Roll Ball Skating Championship held on **29th October 2022** to **31st October 2022** at Lucknow and he got 4th place. The News of this even was also published in the newspaper.

## CLASSROOM CONNECTION

### The World is a Stage!"

English Activity 'Dramatization' was conducted by **Grade 8** students in the month of April. The objective of the activity was to help students gain mastery over their language and refine their speaking skill, practice intonation and voice modulation. They performed brilliantly thus displaying their creativity and confidence..

### SOCIAL STUDIES SUCCESS! ROLEPLAY:

Students of **Grade 8** performed an excellent Role Play Act on History Chapter - From Trade to Territory.

### OUR SOLUTION TO POLLUTION !

Reduce, Reuse, Recycle are the values that we incorporate in our classrooms to pass them on to the next generation. In the month of April, Grade 8 student Saarthak Marwah made a beautiful vase with a used plastic bottle and plastic spoons and Shayan Gorai made a beautiful pencil box with a waste plastic bottle.

## Mathematical Mission

To develop an attitude of enquiry and provide a better understanding of the concepts of perimeter and area of shapes, two activities were conducted by Grade 5, on May 06 and May 13, 2022. This collaborative activity helped in building teamwork skills.

## Enquire, Explore and Experiment!!

Our forte is in equipping students with problem-solving skills, analytical skills, and conceptual clarity!

Grade 6 performed a Biuret Test in the chemistry lab to confirm the presence of protein in food.

Biology Students of Grade 8 analyzed the difference between plant cell and animal cell through permanent microscopic slide.

## TECHNOPHILE

“We need technology in every classroom and in each student and teacher’s hand, because it is the pen and paper of our time, and it is the lens through which we experience much of our world.” - David Warlick

Our endeavor is to break the monotony of linear learning patterns and therefore, we impart education through the channels of information, entertainment, and creativity. The IT Intra school competition, held on 11th May, aimed to inculcate in the minds of young students a spirit of coding, analytical & logical thinking and provided a platform to the young coder for exchanging their thoughts and ideas

## TRUST YOUR VIBES, ENERGY DOESN'T LIE

### CAREER GUIDANCE

Our School conducts a multitude of career awareness programmes for students, enabling them to understand the nuances of the professional world from a nascent stage. We believe that it is crucial to introduce students to the career choices tailored to their interests and capabilities for building a happy, satisfactory, and prosperous future.

Our X and XI Graders participated in an Educational Symposium- Global UNI Expo in the month of July at New Delhi, with an aim to understand their future goals and make a road map to achieve those goals with sheer determination and confidence under expert guidance.

Counseling is success-imperative when it comes to shaping the career path of students. Along with students, these counseling sessions also involve parents to provide them all updates on upcoming workshops and guidance sessions.

## Award and Accolades

### IIHM AWARD-

### *Nothing to Stop the Unstoppable!*

International institute of hotel management on the occasion of teacher's day awarded 100 school principals and teachers. The ceremony was held on **21st September 2022** at Ambassador Hotel, New Delhi. Principal **Mrs. Sonia Anil Verma** was awarded with the **Principal Par Excellence** and Co-Ordinator **Ms. Preeti Rana** was awarded as **Best Teachers Award**.

## Transforming K-12 education through innovative and competence based pedagogy

**K**. R. Mangalam World Schools are one of the most innovative and progressive schools located in NCR at Greater Noida, Faridabad, Ghaziabad and Gurugram. All their branches have sprawling, lush green campuses, with centrally air-conditioned buildings which provide an exemplary ambience.

Moving from strength to strength, we are now a strong community of more than 7500 students and parents. The School campuses are environmentally cautious and pollution-free properties adorned with lush green fields and host a rainwater harvesting system. All their schools promise a comfortable and secure space for students to learn, perform and develop.

Solving Complex problems using Machine Learning

K. R. Mangalam World Schools believe in fulfilling the motto of "Together Towards Tomorrow", to be institutions of excellence where students, teachers, and parents work together as one community. The school is committed to grooming its students into global citizens.

The Schools aim at creating self-motivated future leaders, who possess exceptional leadership skills, emotional intelligence and tolerance.

K. R. Mangalam World Schools endeavour is to transform the education system where the overall impetus is on skill-based curriculum and competency based pedagogy to make sure that learners are actively and joyfully engaged in the learning process.

Developing Confidence by adapting Emerging Technologies

The School believes in preparing its students as competitive workforce of tomorrow. Art Integration; Robotics and Artificial Intelligence; Financial literacy and Media & Information Literacy; classes allow children to work on their life skills along with social skills. They understand that the job market is constantly changing and their nurturing will definitely help them to stand out of the crowd in front of their future employers as 65 percent of the children entering primary school now will ultimately work in a job that doesn't exist today, according to an estimate report by the World Economic Forum.

At K.R Mangalam World School the child gets prepared for life beyond the boundaries of school. Here they focus on delivering in-depth knowledge of concepts, enabling students to face the external competitive examinations confidently.

The senior classes practice diverse and open-ended assignments and situations-based tasks. Learners are evaluated based on their strengths and conceptual aptitude to foster meaningful learning.

The schools focus on STEAM education which produces creators, thinkers, problem solvers, doers, innovators, and inventors. K. R. Mangalam World Schools follow an interac-

Learning to be Focused and Consistent

tive teaching technique that amplifies the engagement level among students through the labs like Robotics, Mathematics, Science, and Arts, facilitating them to better learn the mechanism and grasp the concept. Students participate and create working models based on their visions and ideas.

Co-curricular activities form an essential part of the curriculum to amplify students' abilities through myriads of talent execution opportunities. The sports curriculum aims to provide a comprehensive program for students' development through physical activities by emphasizing the relationship between physical, intellectual and emo-

Thinking Creatively

tional well-being of students. It involves outdoor games like football, basketball, lawn tennis, cricket, taekwondo and indoor games like chess, carom, table tennis, Yoga and aerobics. The Schools have also introduced shooting and horse riding where students are learning how to hone their goals and determination.

Career Counseling sessions and Personality development programs are conducted for improving and grooming the students to bring about a positive transformation into their life.

By keeping these strategies in mind as they plan each lesson, the Schools aim is to encourage and empower each Mangalite to think more critically, to ask questions and seek answers, and to express themselves creatively. At K.R Mangalam Schools, students are impeccably groomed so that they become a catalyst of growth, always striving to do better with a firm belief that there are no speed limits on the road to excellence.
